

Product Details – RIVAL LED FOG CORNERING & POSITION LIGHT

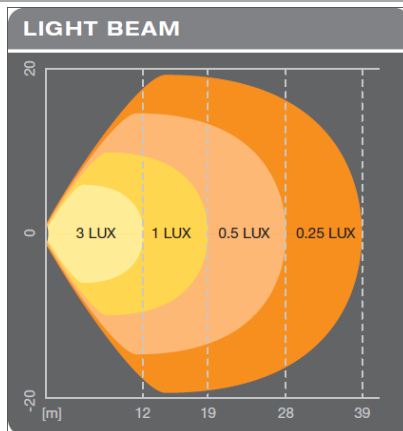

Features

- Fully ECE compliant reverse light function (R23)
- Increased road safety due to higher visibility with color temperature up to 6000K
- Plug & play installation for whole RIVAL bumper range
- Compact and robust: Unbreakable polycarbonate lens to endure heavy duty application, over and under voltage protection
- Integrated driver and thermal management system for a superior lifetime
- OSRAM high performance LED's
- Highest resistance against environmental influences

Technical specifications

- Light distance @ 1lx: ~19m
- Hot lumen: 120lm
- Color temperature: 6000K
- Rated input power: 6W
- Input voltage: 12V
- IP Protection: IP6K9K
- EMC/EMI: ECE R10
- Over voltage protection: up to 24V
- Polarity protection

Fields of application

- 4x4 applications
